NEW PRODUCT FOR THE SCAFFOLD INDUSTRY

Great for transporting
tubes, planks, total
system scaffold around
job sites.

Just by installing the
right length of tube you
need, you can carry any
length of planks and
tube.

Comes apart and goes
together in seconds.
Light weight but rated
for 2000 lbs.
F.S. 3:1

A small cart but can
save many man hours
on the job.
